Free shuttles at your service

Parking at UHM can be difficult, especially for those attending morning classes. Three options:

• **Park & Ride from Varsity Theatre:** Free JCC Express shuttle service begins at 7:15 am weekdays. This free shuttle runs on a continuous 20-minute cycle stopping at the Varsity Building on University Avenue (next to Varsity Theatre parking lot); Japanese Cultural Center (adjacent to JCC's indoor parking garage); Pucks Alley; Varsity Gate; Lower Campus; Law School (just across from OLLI classrooms in Krauss Hall); St. John Hall; Varney Circle; and returning to the Varsity Building shuttle stop on University Avenue. The last JCC Express shuttle leaves Varney Circle at 4 pm weekdays.

• **Handicapped Parking Permits:** If you possess a valid City & County Disability Placard, you may purchase a visitor parking ticket at any campus entry gate and park in any marked parking stall on campus. **Both the visitor ticket and the placard must be displayed on the dashboard.**

• **Campus Express Shuttle:** Free shuttle service for the public offers a quick route across campus for those in a rush. **Campus Express** begins at the Law School on Dole Street across from the ALL offices. The continuous campus express route takes 15 minutes and makes designated stops at Burns Hall on East-West Road; Jefferson Hall; St. John Hall; Varney Circle Fountain; Maile Way; Law School Parking Lot near the Music Building then returns to the Law School. The last express shuttle leaves Varney Circle at 5 pm weekdays.

Welcome to the Osher Lifelong Learning Institute

The Osher Lifelong Learning Institute (OLLI) started as the Academy for Lifelong Learning in 1997 within the Colleges of Arts and Sciences at the University of Hawai'i at Manoa. Thanks to a very generous grant from the San Francisco-based Bernard Osher Foundation in Spring 2003, OLLI is now a year-round program offering lifelong learning courses; workshops; community events; and field trips. The only requirements for participating are life experience and a desire to learn. We sustain our activities through grant funds, volunteerism, contributions, and nominal membership fees. If you'd like to join, please review the courses described, complete the pull-out form in the center section, and mail to the address listed in the box below. Join us for summer term!

* Elder Law & Caregiver Issues in Hawai'i
Instructor: Dr. James Pietsch, UHM School of Law, and Director of UHM Elder Law Program, author of The Elder Law Hawai'i Handbook
Dates: Mondays, July 7 and 14
Time: 1 pm - 3 pm
Location: Kuykendall 208 media room
Description: Health, isolation, and financial problems rank as the top worries of older persons. Elder law attempts to preserve the ability of a person to exercise his or her own self-determination. In these sessions, Dr. Pietsch will address health and personal care planning; advance directives; estate planning and probate; wills and trusts; housing options; financing long-term care; guardianship, conservatorship; and health care decisions. He will describe the essential information needed by individuals and their families or partners who face decisions about declining health, the need for long-term care, and appropriate legal and financial planning. He will also explore the drawing up of a valid will; probate; executing a durable power of attorney; and eligibility requirements for Medicare, Medicaid, and other state and federal medical assistance programs. Other topics to be covered include how to manage when a family member is no longer able to make personal decisions. Dealing with grief and how family and friends can provide help will be discussed. Effective tips will be provided on how survivors can become more organized and make better use of hidden assets. The Elder Law Hawai'i Handbook by Dr. Pietsch and Lenora Lee is recommended reading, but not required. The handbook is available at the UH Manoa bookstore and through UH Press.
Anti-War Literature: Great fiction and non-fiction with a war background

Instructor: Joseph Morgan, PhD, Professor of Geography

Dates: Tuesdays, June 10, 17, 24, July 1, 8, 15

Time: 10 am to Noon

Location: Krauss 113-B (Class limit is 15)

Description: A great deal of both fiction and non-fiction bemoans and abhors the war background on which the story is told. In this course, we'll read -- to the extent time permits -- some examples covering the U.S. Civil War, The Spanish Civil War, World War I, World War II, the Korean War, and the Vietnam War.

The nature of the course can best be explained by the titles of the books we'll read and discuss:

-- The Red Badge of Courage (U.S. Civil War);
-- All Quiet on The Western Front (WWI);
-- For Whom the Bell Tolls (Spanish Civil War);
-- The War Doctor (Old Men at Midnight) (WWII);
-- Night (WWII);
-- Hiroshima (WWII);
-- The Naked and the Dead (WWII);
-- Corelli’s Mandolin (WWII);
-- The Bridges of Toko-Ri (Korean War);
-- Born on the Fourth of July (Vietnam War).

Finally, we'll discuss War and Our World, an excellent book by John Keegan, an authoritative writer and historian of war in all its characteristics. As a change of pace, we'll also dip into some well-known anti-war poetry.

If you do not have copies of the books listed above, a few extra copies will be available on loan in the OLLI seminar room, Krauss 113-B.

How Can I Help? Volunteer to Change Society

Facilitator: Norma Koenig, Director

Date: Friday, September 5, 2003

Time: 10 am - 3 pm (Free lunch & door prizes included!)

Location: Krauss Hall 112

Enrollment limit: maximum enrollment is 35.

Description: Volunteering can be a rewarding experience and a good way to remain connected as a vital member of the community. Many OLLI members are currently active volunteers in dozens of programs across the island. During this workshop and catered luncheon, we'll learn about the volunteer options available in Honolulu and hear from program staff and some volunteers who are making a difference in their support of schools, foodbanks, elder services, environmental programs, museums, public broadcasting, historical sites, and other areas. This workshop is an opportunity to explore motivations for volunteering and discover which volunteer options offer the best fit for talents, skills, and goals. Norma Koenig, Director of the Retired and Senior Volunteer Program, will outline ways to "interview" host organizations to make sure that the organization's philosophy and structure mesh with our own attitudes and beliefs. Before donating time, find out what responsibilities will be required and whether extensive training is included. Will there be reporting requirements such as record-keeping or mileage documentation? Will the volunteer work be mostly independent or will there be other volunteers sharing the work? Finding the right volunteer niche can take time, but there are many good organizations in Honolulu in need of seasoned talent. Volunteer and create a better world.
Perspectives on Aging in India & The Diaspora of Indian Elders to North America
Instructor: Amarjit Singh, PhD, Professor of Education, Memorial University, St. John's, Newfoundland; and Research Fellow, East-West Center
Dates: Friday, June 20, 2003
Time: 1 pm - 3 pm
Location: Krauss Hall 112
Description: India's enormous population of elders is now second only to China's. What are the prospects for elders in India and what happens when they migrate to other nations? Dr. Amarjit Singh has researched the experiences and well-being of older Indians and has explored how elderly Indians have been affected by the diaspora to North America. In this informal seminar, he will discuss the health status of Indian elders and describe some of the challenges created by the lack of any widespread retirement income system in India. How do culture and religion play a role in aging? What social networks help Indian elders? Join us for this lively discussion and hear Jit's insights on prospects for Indian elders.

Live Flamenco Jam Session
Facilitator: Gabriella Alvarez Hanna, flamenco dancer, enthusiast, and OLLI instructor
Dates: Sunday, July 13, 2003
Time: 6:30 pm - 9 pm
Location: Krauss Hall 111
Description: This introduction will feature "Jeurga" or Gypsy Flamenco in a live jam session with guitar players, singers, dancers, and enthusiasts. You may participate or observe from the sidelines. Join us for this lively Sunday evening of fun, music, and dancing!

Memory Improvement Strategies
Instructor: Leonie Walter, PhD, Psychology
Dates: Thursdays, June 26, July 3, 10, 17
Time: 1 pm to 3 pm
Location: Krauss 112
Maximum Enrollment: 20
Description: If you are experiencing "tip of the tongue" experiences in attempting to recall memories, this course could guide you toward forming clearer and sharper mental pathways to improve your mental storage and retrieval processes. Participants will be encouraged to be "open" to new ways of learning and remembering that will assist with the memory process. Copies of Memory Rejuvenation by Dr. Walters will be available.

The Six Healing Sounds: The Inner Smile Chi Kung Workshop
Instructor: Dieter Runge, Instructor of Tai Chi
Dates: Saturdays, June 21 and 28
Time: 2 pm - 5 pm
Location: Krauss Hall 111 (Class limited to 35)
Description: The Taoist way of the Six Healing Sounds promotes health by integrating physical postures, breathing techniques, and focused intention. Practitioners of this ancient healing system say that it helps guide individuals toward a peak condition of health and well-being by "cooling down" the system; eliminating "trapped energy" in the body; and "detoxifying" the organs. These exercises are easy to learn and are performed sitting in a chair. Individuals need only be able to raise their hands above the head. Most exercises introduced in the workshop will be learned in the first session with repetition in the second workshop one week later. Space in this workshop is limited to 35 only.
Neurorealism: Bridging Brain, Mind, Science and Religion
Instructor: Bruce E. Morton, Professor Emeritus, Biochemistry & Biophysics, UH School of Med.
Dates: Mondays, June 16, 23, 30 and Aug. 18 and 25
Time: 10 am to Noon
Location: Kuykendall Hall 208
Description: Neurorealism is a transformational context for existence that bridges brain and mind, science and religion. In these sessions, Dr. Bruce Morton will explore the biochemical bases and biological origins of the core elements of religion and morality. The concept, according to Dr. Morton, is inclusive, not exclusive. It contains the common core of the world's religions. He will discuss how his path as a biochemist led him to discoveries about neurorealism. During his tenure as a professor, he became intrigued by human behavior and interactions. His inquiries led him to study brain function: "The brain, the most complex, least understood of all of our bodily organs, is one of the last frontiers of ignorance. Yet, the brain is the device through which we are aware of our surroundings and determines how we respond to them." Dr. Morton will explore the "Solution of the Mind-Body Problem: Impossibility of the Extracorporeal; the Quadrimental Brain Model and Human Nature; and Dyadic Human Behavior."
In two follow-up seminars in August, Dr. Morton will explore Global Conflict: the Discovery and Significance of Familial Polarity; and Neurorealism: the Transformational Context for Existence: Bridging Brain and Mind, Science and Religion. He says religion and morality have "been misperceived as something external and supernatural, rather than the individual brain-dependent, genetically-evolved social wisdom that it now appears to be." (Class is limited to 15.)

Tour the Tennent Art Foundation Gallery
Facilitator: Elaine Tennent, Curator
Dates: Thursday, June 19, 2003
Time: 1 pm - 2:30 pm
Location: 203 Prospect Street on Punchbowl
Description: Madge Tennent, born Madeline Grace Cook in Dulwich England, in 1889, was among the first artists to embrace Native Hawaiians as a primary subject matter. Her work has often been compared with that of Gauguin. She lived and worked in Hawaii for 50 years. Although she gave up painting large oils when her health declined, her creative efforts continued in drawings and watercolors. Many of Tennent's artworks, including her childhood drawings, are on view at the Tennent Art Foundation Gallery. Please carpool to the gallery; the gallery's parking lot—behind a rose-colored wall—contains only eight slots. This private showing is limited to 24 participants.

Tour the Academy of Arts: Korean Exhibits
Date: Friday, June 27, 2003
Time: Meet at main entrance to the Academy of Arts ten minutes prior to the 10 am tour.
Location: 900 So. Beretania St. (Parking available in Linekona Art Center lot across the street.)
Description: The Korean Grandfather's House exhibit features an authentic village home with furnishings typical of a Korean dwelling. Visitors entering rooms will see men's quarters (saranbang), women's quarters (anbang), and kitchen facilities. This tour also includes the Korean Gallery on the main floor. NOTE: If you also wish to have lunch with other OLLI members in the museum cafe following the tour, please so indicate on the pull-out application form, page 9. Thank you!
Special Events for Members

♦ Film Festival on Aging & Diversity
Date: Wednesday, June 11 (Kamehameha Day)
Time: 1 pm to 10 pm
Location: Keoni Auditorium, East-West Center’s Imin Conf. Ctr. across from Kennedy Theatre.
Free campus parking on state holiday.
Description: In conjunction with the UHM School of Social Work, OLLI is co-sponsoring a film series featuring works that demonstrate the vitality, wisdom, and diversity of older adults.

-- 1 pm --

Living Your Dying featuring Rev. Mits Aoki
Remarks by: Chaplain Clarence Liu, Hospice Hawaii
Reverend Mitsuo Aoki is a semi-retired theologian, minister, college professor, and founder of the UHM Religion Department. For more than 40 years, Rev. Aoki has shown others how to experience death not merely as an end, but as a vital, inseparable part of life. This film explores his personal journey and the stories of four courageous individuals who faced the challenge of "living their dying."

Hali a Aloha Hawaii Memories of Hawai‘i
Introduction & Discussion: Lurline McGregor, President and CEO of ‘Olelo Community Television

-- 4:30 pm -- Intermission-- Snacks & Drinks on lanai --

Favorites from the Silver Images Film Festival
Introduction: Dr. Michael Cheang, Ctr on Aging, Sch. Public Health
The only festival of its kind in the U.S., the Silver Images Film Festival in Chicago annually showcases films and videos from around the world that celebrate older adulthood. Organized by Terra Nova Films and supported by a variety of arts and aging organizations, the Silver Images Film Festival features works described as a "refreshing antidote to the way older adults are portrayed in the media."

Surfing for Life
Introduction and Discussion: David L. Brown, Film Director, and Roy Earnest, Co-producer. Surfing for Life is an award-winning documentary about healthy aging and lives well-lived from the unique perspectives of older men and women surfers, aged 60 to 93. Through interviews, archival and present-day footage, an entertaining and inspirational image emerges of successful aging. For surfers and non-surfers alike, SFL celebrates the human potential of later life.

♦ Are We Running Out of Energy?
Instructor: Michael J. Antal, PhD, PhD, UHM Hawaii Natural Energy Institute, the Coral Industries Chair and Distinguished Professor of Renewable Energy
Dates: Monday, July 7, 2003
Time: 10 am to Noon
Location: Kuykendall 208 media room
Description: For more than 20 years, Dr. Antal has been a leading expert in alternative energy, fuel production, and solar thermal engineering. Since coming to UHM from Princeton University, Dr. Antal has broadened his work to include biocarbon fuel cells, catalytic reaction chemistry in supercritical fluids, biomass pyrolysis and gasification, biomass fermentation pre-treatments, chemical kinetics, and reactor design. He is the principal investigator of more than $6 million in sponsored research and is presently building a commercial-scale chemical reactor to demonstrate his "flash carbonization" process that produces high-purity charcoal from green wastes. In this presentation, Dr. Antal will describe new ways to generate energy.

♦ Conquistadors to Colonialism: Peru
Instructor: Gabriella Alvarez Hanna, Spanish language/culture instructor, OLLI, UHM
Dates: Tuesdays, June 10, 17, 24, July 1, 8, 15
Times: 3 pm - 5 pm
Location: Krauss 113-B Seminar Room
Description: The Spanish conquest and colonialism have characterized Peru for centuries. We will examine the processes, ideologies, and institutions associated with colonialism in Peru and their relevance for understanding the state of underdevelopment that characterizes contemporary Peru.
A Writing Circle: Group I
Facilitator: Yi-chuan Ching, M.D.
Dates: Group meets alternate Wednesdays, starting June 18 and running through mid-August.
Time: 9:30 am - 11:30 am
Location: Krauss 112
Description: Those with a yen to write are invited to participate in this circle. We will take turns informally reading our own work for reaction and comment. All will have a chance to submit work on a regular basis. Circle is limited to 6. Previous participants will be given preference. Serious writers may contact Dr. Yi-chuan Ching at yching@pol.net for more information.

The Study of Dreams (for Dreamers)
Instructor: William Rogers, II, MD, MPH, FAAP
Dates: Thursdays, August 7, 14, 21, 28
Time: 1 pm - 3 pm
Place: Krauss 113-B seminar room
Description: Whether they are regarded as prophetic messages from the spiritual realm, symbolic statements by the psyche, or meaningless neurological phenomena, dreams inspire fascination and curiosity. As we enter the second "psychological" century, how do we regard our dreams? Are they useful sources of guidance in the conduct of our daily lives? Is there a systematic approach to the study of dreams that is helpful in elucidating their complex and baffling imagery? What is the "logic" of dreams? Although these questions have been addressed extensively in academic and therapeutic settings, it is also true that we each have access to a rich reservoir of often unexamined dream material. Participants in this seminar will be encouraged to become familiar with the basic aspects of her or his "dreamscape," with the goal of developing an individual approach for recording and understanding dreams. Confidentiality guidelines for sharing dreams will be given during the first workshop meeting.

Practical Computing: One-on-One Tutoring
Instructor: Robert G. "Papa" Ahlstrom, Writer, UH M-Senior Citizen Visitor Program Participant
Dates: Variable depending on individual needs
Time: Availability varies (call 220-8744)
Place: UH Manoa campus computer labs, or at off-campus locations upon individual request*
Description: If you'd like to learn how to create your own letterhead or business cards, or learn how to maneuver through email or conduct research on the internet, these individual tutoring sessions may be helpful. Those who want to learn software programs such as Microsoft WORD for creating reports or EXCEL to track expenditures may find these sessions particular useful. To arrange individual training times on or off-campus, or for more information about tutoring services, please call Mr. Ahlstrom directly at 220-8744. *Note: There is no fee for tutoring at University facilities, but hourly fees may be requested for individual tutoring at off-campus sites.

Special Events for Members
Tour the Fuel Cell Facility & EV Lab
Facilitator: Bor Yann Liaw, PhD, UHM Hawaii Natural Energy Institute
Dates: Friday, July 18
Times: 2 pm - 4 pm (Tour group limited to 15.)
Location: Meet at 531 Cooke Street in Kaka‘ako
Description: Dr. Liaw will demonstrate UHM’s latest research efforts into advanced power systems – fuel cells and ultra-capacitors. The second half of the tour will give participants hands-on opportunities to test drive the next-generation of Electric Vehicles.
