WELCOME TO OLLI’S FALL TERM 2015!
Discover new opportunities, satisfy your curiosity for knowledge and join our community of learners at Osher Lifelong Learning Institute (OLLI). Fall Term 2015 starts September 28 and ends December 18.
Established at the University of Hawaii at Manoa in 1997 by a group of retired professors and community elders, this award-winning program is underwritten by a generous endowment from The Bernard Osher Foundation of San Francisco and supported by members’ contributions and the UHM College of Social Sciences. Inside these pages you’ll find classes, workshops, and special events. Mark your calendar and join us this Fall!
Also, please support OLLI through the Give Aloha fundraiser in September at Foodland Supermarkets. See page 18 for more details. Thanks!

Free shuttles at your service
Parking at UHM can be tricky and costly, especially when driving in to attend morning classes at OLLI. Here are some options to avoid parking headaches:

• Free Campus Shuttle Bus Routes near OLLI:
-- Route C1 shuttle service begins at 8 am weekdays and runs until 5 pm. Route C1 shuttle service runs on a continuous 10-minute cycle stopping near Andrews Amphitheatre on Dole Street, (Note: this stop is the C1 shuttle’s nearest one to our OLLI classrooms in Krauss Hall); Sinclair Library Circle; Business Administration Building; Varney Circle in the center of upper campus; Paradise Palms; Kennedy Theatre; Holmes Hall (Engineering); Andrews Amphitheatre. The last shuttle leaves Varney Circle at 4:50 pm.

-- Route W1 Wai’alae Avenue shuttle begins at 7 am and runs on a 30-minute continuous cycle stopping near Koko Head Avenue; Wai’alae/9th Avenue; Wai’alae/Palolo; Wai’alae/St. Louis Drive; Burns Hall at East-West Center (Note: this stop is the W1 shuttle’s nearest to our OLLI classrooms in Krauss Hall); Jefferson Hall; St. John; Varney Circle; Paradise Palms; Kennedy Theatre; Frear Hall; Kamakakuokalani Center for Hawaiian Studies; Wai’alae/St. Louis Drive; Wai’alae/4th Avenue; Wai’alae/9th Avenue; Koko Head stop. The last W1 shuttle leaves Varney Circle at 5:45 pm.

• Handicapped Parking Permits: If you possess a current and valid City & County Disability Placard and UHM ID, you may purchase a campus visitor parking entry for $5 at the Sinclair/Bachman or other campus entry gates and then park in any legal, marked parking stall on campus. Please avoid a parking ticket by displaying the visitor parking entry receipt face-up on the dashboard and placing your handicapped parking placard on the rearview mirror.
FALL 2015 OLLI COURSES

Courses and Workshops

What’s New on Human Origins? ...................... 3
19th Century Favorite English Language Poems .. 4
Emily Brontë: Wuthering Heights .................... 4
Favorite Operas: Mozart, Verdi, Bizet, Puccini ..... 5
Empire of the Son: Films of Steven Spielberg ...... 5
Culinary Cinema XX .................................... 6
More than 100 Years of Cosmic Rays ................ 6
Trailside Plants of Hawai‘i: 3 Illustrated Talks .... 7
Trailside Plants of Hawai‘i: Talks & Field Trips .. 7

Parking and Campus Shuttle Information ........ 20

Campus Map, University of Hawaii-Manoa
Osher Lifelong Learning Institute
Krauss Hall 112-113

LOWER CAMPUS visitor parking is available from 5 am to 4 pm for a flat fee of $5; after 4 pm the flat fee is $6. Enter the main Parking Structure on Lower Campus Road (first right off Dole Street past the University Avenue and Dole Street intersection). On UPPER CAMPUS, visitor parking is limited and expensive: from 6:30 am to 4 pm, the parking fee is $2 per half-hour. Green striped visitor stalls have Pay-to-Park ticket machines (no bills larger than $20 are accepted in ticket machines); place receipts face-up on dashboard. Visitor stalls are located in the parking lots at Orvis Auditorium, Sinclair Library, behind Kennedy Theatre, and next to Kuykendall Hall, and at Varney Circle.

UHM Campus map by Julsun D. Pacheco, Cartography Lab, UHM Geography Dept.
Spread Aloha with Give Aloha
The Osher Lifelong Learning Institute (OLLI) is proud to participate in GIVE ALOHA, Foodland Supermarket’s annual community matching gifts program. Make a donation to OLLI at any Foodland or Sack N Save checkout during the month of September, and Foodland and the Western Union Foundation will make a donation to OLLI, too!

Our Organization Code is 77147

Here’s how you can help OLLI raise funds:

1) Make a donation to OLLI with your Maika‘i Card (up to $249 per person) at any Foodland or Sack N Save checkout from September 1 - 30, 2015.

2) Foodland and the Western Union Foundation will match all donations up to a total of $500,000 for all organizations combined.

Thank You For Your Support of OLLI!

♦ What’s New on Human Origins?
Instructor: Richard Gould, PhD, RPA, Prof. Emer., Anthropology, Brown University
Dates: Tuesdays, Nov. 24, Dec. 1, 8, 15
Time: 2 pm - 4 pm
Location: Krauss 111
Description: This course explores how our species evolved and came to have its distinctive characteristics. The study of human origins is a “moving target,” with new evidence rapidly appearing. This course will describe these findings in the context of earlier discoveries and provide a framework for evaluating evidence when it appears.

Lectures 1 through 4 include:
• History Before History - As evidence gets newer, the human past gets older. This lecture will explain the concept of “historical science” as a means for understanding how the human species came to be;
• Is Anatomy Destiny? - We’ll examine how different human anatomical systems evolved, along with comparisons to different living primates and even some non-primate species;
• The Archaeological Record - We’re dealing with an incomplete record of physical evidence, but even so there are powerful indicators of what happened in our past that have been preserved and can give us some good ideas;
• The Fossil Record - The field of human paleontology is moving fast. How has DNA analysis affected our understanding of the fossil record?
19th Century Favorite English Language Poems

**Instructor:** Dave Johnson, Yale BA, Harvard JD
**Dates:** Tues. Oct. 13, 20, 27, Nov. 3, 10, 17
**Time:** 2 pm - 4 pm
**Location:** Krauss 112

**Description:** For this review of poetry, the 19th century is stretched a little – 1789 to 1930. Poets to be discussed are:
- October 13 – William Blake, Edgar Allan Poe
- October 20 – William Wordsworth, Samuel Taylor Coleridge
- October 27 – Percy Bysshe Shelley, John Keats
- November 3 – Walt Whitman, Emily Dickinson
- November 10 – Alfred Lord Tennyson, Robert Browning
- November 17 – William Butler Yeats

Our focus will be on the ideas and feelings the poems convey and the techniques used to make them effective. Most of the poems that we’ll read are less than a page, the longest under four pages. I’ll ask for volunteers to read some of the shorter poems aloud and look forward to lively and in-depth discussions.

Note: Students will receive a 30-page handout including all the poems to be read and discussed in this course. An early handout will be sent to class members for the first class session discussion.

Emily Brontë: *Wuthering Heights*

**Instructor:** Nancy Alpert Mower, M.A., UHM English
**Dates:** Fri. Oct. 2, 9, 16, 23, 30, Nov. 6, 13, 20, Dec. 4, Dec. 11 (Note: November 27 is a school holiday.)
**Time:** 10 am-Noon
**Location:** Krauss 112

**Enrollment limit:** 12

**Description:** Emily Brontë, Victorian novelist, wrote only one novel, *Wuthering Heights*, a book that is now widely regarded as a classic of English literature, but when published in 1847 was deemed controversial for its stark depictions of cruelty and its challenges to strict Victorian ideals of social class and morality. The story unfolds as a dark tale of revenge with the core theme the destructive effect of jealousy and vengefulness both on individuals and their communities.

---

OLLI Book Club & Reading Discussion Group

**Dates:** Fridays, Oct. 16, Nov. 6, Dec. 4
**Time:** 1:30 pm - 3 pm
**Location:** Krauss 112

**Description:** Looking for some thought-provoking conversations about books? Joining the OLLI Book Club is a good way to challenge yourself and find common ground. In these monthly leaderless sessions, everyone has an opportunity to contribute and voice opinions.

The Book Club for Fall Term will resume Fri. Oct. 16 at 1:30 pm. The book choice for the first session will be announced to enrollees via email or post. Please come prepared to discuss the selected book at the first session.

Continued from page 5

Empire of the Son: Films of Steven Spielberg

six films chosen for this course:
- *Close Encounters of the Third Kind;*
- *Empire of the Sun;*
- *Hook;*
- *Indiana Jones and the Last Crusade;*
- *Schindler’s List;* and
- *Lincoln*

As we’ll discover in reviewing these films, one of the most persistent themes in Spielberg’s work is the tension in parent-child relationships where fathers are often absent, reluctant or ill-suited as parents. We’ll explore why this theme is arguably the most autobiographical aspect of Spielberg’s films. Even if you have already seen some or all of these films, this course will provide new understandings and insights into the films’ meanings with a new appreciation for Spielberg’s creativity.
Natural and Human-Induced Climatic Change
increase in the acidity of our oceans is also a conse-
quence of CO₂ emissions, and changes in the biodiversity
and distribution of plants and animals are a result of the
warming and consequent changes in global precipitation
patterns and aridity. In addition, as the oceans warm
and glaciers melt, sea level rises. In this lecture and dis-

cussion course, we will review natural historical global
climatic change and what that tells us about our present
situation. We will consider such phenomena as the at-
mospheric CO₂ greenhouse of the past 550 million years
(the Phanerozoic), the rapid ocean-atmosphere changes
of the Pliocene-Eocene Thermal Maximum (PTEM), the
glacial-interglacial changes of the Pleistocene, and the
more recent natural climatic changes related to El Niño /
La Niña events (primary cause of this summer’s heat
and humidity in Hawaii and increased cyclonic dis-
turbances) and the Pacific Decadal Oscillation (PDO).
Using this background as a framework, we’ll discuss the
modern implications and explore the newest information
and research on climatic change.

Suggested text for this course:
• Mackenzie, F.T., 2011, Our Changing Planet: An Introduction
to Earth System Science and Global Environmental Change, 4th

Please make a donation to OLLI during
the month of September. Our organization
code is 77147. Thanks for your support!
♦ Culinary Cinema XX  
Instructor: Tom Sheeran, World Traveler  
Time: 3 pm - 6 pm  
Locations: View films in Krauss 111. Directions to post-film restaurant sites will be provided.  
Description: In recognition of the 10th anniversary of our Culinary Cinema series (and the 20th CC offering in 10 years), this fall course will feature the tasty food-themed films that were shown at the first CC in Fall 2005.  
Films include:  
• Oct. 28, Tampopo (1986) 114 min.  
• Nov. 18, Like Water for Chocolate (1992) 105 min.  
As in previous Culinary Cinema classes, post-film dinners will be held at local restaurants, locations to be announced. We aim for pleasant, quiet neighborhood places with entrees under $20. Participants pay on-site for their own meals and drinks. **Enrollment is limited to 24 and RSVPs are required for each session.**

♦ More Than 100 Years of Cosmic Rays  
Instructor: Philip von Doetinchem, UHM Prof., Physics  
Dates: Weds. Nov. 18, 25, Dec. 2, 9  
Time: 1 pm - 2:30 pm  
Locations: Krauss 111. **Enrollment limit:** 20  
Description: Since their discovery in 1912, cosmic rays have been the subject of many research initiatives and groundbreaking discoveries. Cosmic rays are composed of protons, electrons and neutrons, the major constituents of all matter. Cosmic rays also also contain rarer species like positrons (the positively charged antiparticle of the proton). The 1932 discovery of positrons in cosmic rays revolutionized particle physics. This course will give an overview of the history of cosmic rays and explain the implications for particle physics and astrophysics.

♦ Writer’s Circle  
Dates: Meets alternate Tuesdays starting Sept. 29  
Time: 1 pm - 3 pm  
Location: Krauss 113-B seminar room  
Enrollment limit: 6 only  
Description: Those with a yen to write are invited to participate in this circle of serious writers. In this peer setting, we will take turns informally reading our own work for reaction and comment. Participants will have a chance to submit work on a regular basis. **Enrollment in Writer’s Circle is limited.** Previous participants will be given first preference. Please note that course meets on alternate Tuesdays throughout the term.

♦ Volcanoes, Tsunamis & More: SOEST OPEN HOUSE  
Dates: Friday, Oct. 23, 8:30 am - 2 pm; and Saturday, Oct. 24, 10 am - 2 pm  
Location: Three UHM buildings: Pacific Ocean Science & Technology (POST), Marine Science Building (MSB), and Hawai’i Institute of Geophysics (HIG)  
Description: In observance of their 25th anniversary, the UHM School of Ocean and Earth Science and Technology is holding an Open House for the community on Fri. Oct. 23 and Sat. Oct. 24. The event will feature an array of entertaining and educational demonstrations highlighting research by SOEST faculty, students and staff. Among the topics to be explored are volcanoes, tsunamis, El Niño, planetary exploration, hurricanes and marine ecosystems. For more details, see: [www.soest.hawaii.edu/openhouse](http://www.soest.hawaii.edu/openhouse) for more details.
Castles, Cathedrals, Cities, Culture and Chaos

Presenter: Maria Lowder, World Traveler

Date: Monday, Oct. 19, 2015
Time: 2 pm to 4 pm
Location: Krauss 111

Description: In this travelogue exploring the Danube, Main and Rhine Rivers, Maria Lowder will describe her recent travels in central Europe starting where the Danube River empties into the Black Sea and ending her journey in Amsterdam.

Along the way we’ll see some of the stark differences between the former East European countries of Romania, Bulgaria and Serbia, and the more cosmopolitan and affluent Western European countries.

We’ll visit Dracula’s castle in the Carpathian Mountains near Bucharest and enjoy the variety of architectural styles scattered across the landscape. The castles are mostly from the Middle Ages, the cathedrals mostly from the 12th century, and the magnificent buildings in major cities are from the 18th century.

This region presents a must-see collection of historical structures, agricultural pursuits, wildlife, and vivid impressions of the cultures and chaos that resulted from epic clashes. In Germany, for example, post-WWII rebuilding efforts have strongly emphasized the preservation or replication of their 17th and 18th century buildings. Every city along the river has a cathedral with soaring arches, rich paintings and exquisite statuary.

Back on the river, we’ll take small boats to explore the Danube delta and cruise through the dramatic gorge of the Iron Gates, the Main Danube Canal, and pass the legendary rock of Lorelei. If traveling along one of the world’s great river systems appeals to you, don’t miss this adventure.

Trailside Plants of Hawaii: 3 Illustrated Talks

Instructor: John B. Hall, Prof. Emer., Microbiology

Dates: Alternate Tues., Nov. 3, 17, Dec. 1
Time: 10 am - 11:30 am
Location: Krauss 111  Enrollment limit: 24

Description: These lectures are for those who want to learn more about Hawai’i’s native plants. Lectures will cover: coastal plants (Nov. 3); plants in Hawai’ian culture (Nov. 17); and rare native and mesic forest plants of Hawai’i (Dec. 1). (NOTE: This course is a lecture-only offering. For those who wish to participate in the field trips that are linked to this course, please enroll in Trailside Plants: Talks & Field Trips, listed below. A signed medical release form is required for the field trips option below.)

Trailside Plants of Hawaii: Talks & Field Trips

Instructor: John B. Hall, Prof. Emer., Microbiology

Dates: Tues., Nov. 3, 10, 17, 24, Dec. 1, 8 (the underlined dates are field trips; see bottom of page.)
Time: Lectures: 10 am - 11:30 am; Field trips: 9 am -Noon
Location: varies, TBA  Enrollment limit: 12 only

Description: This course offers the 3 illustrated talks described in the course above as well as three additional field trips for those wanting to know more about the plants that they encounter along Hawai’i’s trails. Please note: These field trips may be physically challenging. A signed medical release form is required for enrollment and participation. The form will be sent to 12 registered participants.

Field trips begin at 9 am (rendezvous TBA):

Nov. 10 - Field trip to Ka Iwi Coast of O’ahu;
Nov. 24 - Field trip to Lyon Arboretum ($5 donation per person is requested; please pay at arboretum entry);
Dec. 8 - Field trip to Ho’omaluhia Botanical Garden’s native plant gardens.
Natural and Human-Induced Climatic Change
Instructor: Fred T. Mackenzie, Prof. Emer., UHM, Oceanography
Dates: Mon. Nov. 9, 16, 23, 30, Dec. 7, 14
Time: 10 am - Noon
Location: Krauss 111
Description: The planet Earth is always in a state of change, and that change applies to our climate as well. However, particularly during the 20th and early part of the 21st centuries, the world has been faced with major social and economic disruptions. Tied to these disruptions is the greatest global environmental problem facing us, that of global climatic change (“global warming”). Fossil fuel combustion, land-use changes, and other activities of humans emit carbon dioxide (CO$_2$) and other greenhouse gases and lead to a planetary greenhouse effect and consequent global warming of the planet. An

Life Writing Workshop
Instructor: Ann Rayson, MA, PhD, Assoc. Prof. English, (retired) UHM; professional editor
Dates: Fridays, Nov. 6, 13, 20 (skip Nov. 28 - Thanksgiving recess), Dec. 4, 11
Time: 1:30 pm - 3 pm
Location: Krauss 113-B seminar room
Enrollment limit: 12
Required text: Living to Tell the Tale, by Jane Taylor McDonnell, (Penguin Press, available in paperback.)
Description: This life writing workshop will explore the significant people, places, and events that have shaped our lives. We’ll share rough and finished writing; engage in creative writing exercises in class to prompts; and edit, revise, and peer review longer pieces of writing. The objective is to gain a better understanding of self and culture and acquire techniques for more effective expression. Please bring required text (see above) to every class and be ready to participate in discussions and spot writing exercises.

SPECIAL EVENTS

Walking Tour of Mānoa Chinese Cemetery
Presenter: Nanette Napoleon, Historical researcher
Date: Weds. Oct. 21, 2015
Time: 10 am - Noon  Tour starting point to be announced.
Enrollment limit: 20 only Please wear comfortable walking shoes, sunscreen, hat and bring water.
NOTE: The hilly terrain of this walking tour may be physically challenging. A signed medical release form is required for enrollment and participation.
Location: Mānoa Chinese Cemetery, 3430 E. Manoa Rd.
Description: Founded in 1851, the Manoa Chinese Cemetery is the oldest and largest Chinese cemetery in Hawai‘i. Selected for its perfect feng shui, the cemetery site faces the ocean from high on a slope in the back of the valley and is considered one of the most peaceful spots on O‘ahu. In this walking tour, cemetery expert Nanette Napoleon will point out the cemetery’s distinctive tombs and gardens, and tell stories about the many notable individuals interred in the cemetery. At the grave of Honolulu detective Chang Apana, Napoleon will describe how Apana became a role model for the Charlie Chan character in books and films. In a hands-on activity, tour participants will learn about the Ching Ming memorial ceremony that pays respect to departed ancestors.
Post-tour lunch option:
Following the tour, participants will have the option of joining their tour leader for lunch at the Asia Manoa Chinese Restaurant, 2801 E. Manoa Rd. Participants must pay for their own meal and drink at the restaurant. If you plan to join the post-tour lunch, please RSVP using the center-page registration form (see page 11, under Walking Tour.) Only those enrolled in the walking tour may join the post-tour lunch. (Parking is scarce, so carpooling is advised. Thanks!)
FALL TERM 2015
OLLI MEMBERSHIP FORM
Name:_______________________________
Address:_____________________________
___________________________________City:____________
Zip:____________________Phone:___________
email address:________________________
Emergency contact:___________________
Phone:________________________________

1. Complete the form above to join OLLI for 
   FALL TERM, September 28 - December 18, 2015.

2. Please make $60 membership check payable to: 
   University of Hawaii Foundation #123-0790-4

3. On pages 10 & 11, select up to three courses and 
   any special events of interest. (Note: special 
   events are open on a space-available basis. 
   Some events have additional separate fees.)  
   Remove completed center section (pp. 9-12).

4. Send membership check & course selections 
   from pages 9-12 to:

   Osher Lifelong Learning Institute

2440 Campus Road 
Honolulu, HI 96822

   Thank you!

OLLI MEMBERSHIP INFORMATION
Members may join courses, participate in 
special events, receive program newsletters, 
and join research and community projects. 
There are no membership requirements of 
prior educational experience to join the Osh-
er Lifelong Learning Institute at UH Manoa. 
All OLLI-UHM courses are non-graded and 
there are no exams.

• SESSION MEMBER, $60. Entitles an indi-
   vidual to join and attend up to three courses 
   and/or workshops during Fall Term 2015 
   and attend Fall Term’s free special events on 
a space-available basis. Fall Term 2015 runs 
from September 28 through December 18.

Please note: Membership fees are non-re-
refundable. If you have questions about mem-
bership, please call our office at 956-8224. 
Make your course and special event selec-
tions on pages 10 and 11, complete the mem-
bership application on page 12, remove this 
center section (pp. 9-12) and mail with your 
*membership check to:

   Osher Lifelong Learning Institute 
PMB #460 
2440 Campus Road 
Honolulu, HI 96822

*Make membership checks payable to: 
UH Foundation #123-0790-4 (OLLI) --Many thanks!
FALL 2015 COURSE SELECTION FORM

A $60 Term Membership in OLLI for Fall Session 2015 entitles you to select and enroll in up to three courses or workshops. If seats are available, you may join additional courses. Please indicate your priorities if you make more than three course selections. Special events (at right) are offered on a space-available basis. See more enrollment information on page 12.
